 kanikalnaik@gmail.com  kanikanaik  8828822213  Mumbai, India  kanikanaik  kanikanaik

## ✓ PROFESSIONAL SUMMARY

MCA student with hands-on experience in full-stack development, cloud computing, and DevOps. Skilled in Vue.js, Nuxt.js, NestJS, Docker, and AWS, with a focus on building scalable, user-friendly applications.

## 📄 EDUCATION

### Masters in Computer Applications (MCA), Thakur College of Engineering

- Pursuing — Expected Graduation: 2027

Sep 2025 – Present  
Mumbai, India

### Bachelor's in Computer Science, Ramnarian Ruia College

- Graduated with **8.75 CGPA** and an **A+ Grade**

2021 – 2024  
Mumbai, India

## </> TECHNICAL SKILLS

**Web Development** (HTML, CSS, JS, Reactjs, Nextjs, Nuxtjs, Vuejs, Nestjs, Javascript, Tailwind CSS) | **Github** | **OS** (Linux, Windows) | **CI/CD** (Jenkins, Github Actions) | **Docker** | **Programming Language** (C++, Python, Java, Typescript) | **AWS** - (EC2, AWS Lambda, VPC, S3, DynamoDB, IAM, ECS, API Gateway) | **SQL** | **Infrastructure As Code** (Terraform)

## 📁 PROJECTS

### Serverless E-Commerce Cart, Shopping cart microservice using serverless technologies on AWS

- Built a RESTful API backend with Amazon API Gateway, AWS Lambda, Amazon Cognito, and Amazon DynamoDB.
- Created a frontend for a user-friendly interface.
- Containerized application using Docker for easy deployment, scalability, and portability.
- Secured Application with AWS IAM roles and policies for API Gateway, Lambda, and DynamoDB.

### E-commerce Website, Full-stack development with Nuxt.js, NestJS, and Apollo GraphQL

- Developed a full-stack responsive e-commerce website using Nuxt.js (frontend), NestJS (backend) and TailwindCSS (styling).
- Integrated Apollo GraphQL for efficient data fetching and Used NeonDB for database management.
- Implemented user authentication and product management.

### Learnly - LMS Portal, An E-Learning Platform for all your learning needs.

- Developed a learning management system using Next.js for seamless frontend-backend integration.
- Enabled real-time video conferencing and chat features with LiveKit.
- Integrated NextAuth for secure user authentication and authorization.
- Deployed entirely using cloud technologies such as Vercel, along with a MySQL database.
- Designed and built features such as classroom management, material management, notes management, and chat functionality.

## 💼 EXPERIENCE

### Front End Developer (Intern), AllySense Technologies

Oct 2025 – Present  
Remote

- Built responsive interfaces using ReactJS, TypeScript, and Tailwind CSS for scalable, production applications with optimized performance and maintainable architectures.
- Simplified cloud UI workflows for an agentic AI platform by integrating AWS services and improving usability through intuitive design patterns.
- Improved UI/UX and accessibility compliance by analyzing user behavior data, applying feedback, and delivering continuous design and performance enhancements.

### Associate Software Developer, Ocufox Technologies

Oct 2024 – Sep 2025  
Mumbai, India

- Built responsive frontend interfaces with Vue.js, Nuxt.js, Tailwind CSS.
- Developed and integrated REST APIs and authentication systems using NestJS and Firebase.
- Worked in an agile team to deliver scalable, production-ready applications.
- Collaborated on end-to-end feature development from design to deployment.

### Cloud Intern Trainee - AWS re/START, (Accenture) Anudip Foundation

Jan 2024 – Jul 2024  
Mumbai, India

- Trained in AWS core services including EC2, S3, IAM, Lambda, and VPC.
- Gained practical skills in networking, security, and cloud architecture.
- Applied knowledge by developing and deploying real-world cloud applications.

## 📄 CERTIFICATES

### Google Cybersecurity Professional Certificate

### AWS Certified Cloud Practitioner

Scored 804/1000

### Learn DevOps: Docker, Kubernetes, Terraform and Azure DevOps

### Oracle OCI AI Foundations

Scored 88%
